

123 W. Main Street – Noncontributing

Built ca. 1985, this two-story side-gabled commercial building has a roof of asphalt shingles, an exterior of brick veneer, one-over-one double hung vinyl sash windows with flanking shutters and concrete sills, an interior concrete chimney and two, hipped metal roof bay windows on the main façade. The main entrance has an aluminum and glass door with a canvas canopy. Decorative brick corbelling is on the corners of the building.
